460 Cerrillos Road, Santa Fe, New Mexico 87501 (505) 988-7688

We are the oldest established fly fishing business in Santa Fe, Serving Northern New Mexicans and anglers world wide since 1985.

---

### **Inside this issue:**

Thanks for your loyalty and friendship! HDA is Your Fly shop!

Only a few 2010 Simms Freestone boots left: Got Vibram?

At Last, the "Fly Fish NM" license plates are here!!!

### **Patagonia is Back!!!**

A huge **Thank You** goes out to all of you!! All of us here at HDA want to wish you and your families a happy new year, and we look forward to being here for you again in 2011 and beyond! We made a bunch of new friends last season and got to spend a lot of time with our returning clients as well. You all seem like family and it's really nice to obviously see you here in the store, but running into you out and about town or on the river is always nice too. Make sure you cross your fingers for snow, and lets all be positive about next year for our resolutions if you will. Things seem to be looking up with the economy, we all have really started thinking local and I think it shows. We are all in this together; good friends,

good fishing, and great scenery are abundant in the Land of Enchantment. Excellent service, a fun relaxed atmosphere, topnotch equipment, advice, flies out the kazoo and much, much more is the mantra here at the High Desert Angler. Thanks again, we are here to help, come on by, we are here 7 days a week!

**Simms** has changed the Freestone boot for 2011, not much of a change, same boot, just more toe and heel protection on the new one. I have several big sizes marked down to sell fast. If you need a new boot, especially the new Vibram Streamtread rubber soled one, come try a pair of these babies on. If you need waders, well there is only a couple left but I have some cool wading pants and some great chest highs from Cloudveil priced to move, even extra small!!! Come check all the discontin-

ued stuff and get some cool stuff cheap!!

This has taken so long, but the **Fly Fish NM License Plates** have finally arrived. I got 12 white, 12 yellow plates that were just like the originals. Then I have another 12 in yellow that are a little different, at the bottom it says "Streams of Enchantment." Cool right? Come on by and get a new one, or another one, what the heck right?. Either way, you know you want one, or needed a replacement. Those of you who special ordered them, don't worry, I am saving those for you!!

**Fly Tying:** Norm and Tad are excited to get back to teaching!! We have a cool new line up for classes to start just after the first of the year. If you want to get a refresher, or just get started, these guys are great teachers and can help you with almost anything fly tying. Sign up today so we can save space for you!! Buy a block of classes and get a discount. Or go one at a time when you have the itch, the weather sucks, or you need to learn a new pattern or technique. We do private individual classes as well. Get a small group together or just do a one on one with these guys, you will be glad you did!!

We are officially a Patagonia dealer again! They will replace Cloudveil in our line up of waders, boots, rain-gear, and layering pieces. So far we've got the Rio Gallegos waders, the Gunnison Gorge wading pants, Nanopuff Jackets, and mid-weight Capilene layering pieces with more to come all year long! Patagonia has always made the best stuff and we are very happy to have them back in the store again and I think you will be too!
